Case notes

This case was included in Mighty Earth's Rapid Response report 1, published in November 2017. According to GAR's grievance log,¹¹ on 18 May 2018 Anglo Eastern Plantations '*announced the HCS study at KAP, declared to cease land clearing, and that it would follow the result of the study*'. However, the evidence below indicates that deforestation continued after 18 May 2018. At the time of publishing this report, the HCSA website shows that the HCS study for PT Kahayan Agro Plantation has not completed the peer review process.¹²
